INTERNATIONAL SCHOOL OF LEADERSHIP

PRE SCHOOL - ELEMENTARY

At the **International School of Leadership**, we aspire to be a home of academic excellence and personal development, developing the leaders of tomorrow. By cultivating an international, inclusive and inspiring learning environment, we aim to inspire our students to reach their full potential and become competent, empathetic and engaged global citizens. Our vision is to create leaders who, equipped with cross-cultural skills and critical thinking, are ready to meet global challenges with confidence, compassion and integrity.

International School of Leadership offers a challenging and enriching educational trilingual program designed to teach students three languages from the beginning of their primary schooling, in order to give students advanced proficiency in three languages, which can open up educational and professional opportunities for them. expanded in the future, as well as a deeper understanding of the different cultures associated with these languages.

INTERNATIONAL SCHOOL OF LEADERSHIP

PRE SCHOOL - ELEMENTARY

Teaching Methods:

TRADITIONAL APPROACH: Classroom lessons and practical exercises.

MODERN APPROACH: emphasis on personalization of learning, integration of educational technologies, modern skills development and community engagement.

Personalization of Learning: Recognizing that each student is unique, a modern approach to primary education seeks to personalize learning by taking into account each child's interests, needs and learning pace. This may involve strategies such as differentiated instruction, individualized learning projects, and mentoring.

Integration of Educational Technologies:

Technological tools and resources are meaningfully integrated into teaching and learning to improve student engagement, facilitate access to information and encourage collaboration, development of student skills 21st century skills such as critical thinking, problem solving, effective communication, collaboration, creativity and global citizenship. These skills are essential to preparing students for success in an ever-changing world.
